

About this document

On 19 September 2017, Ofcom revoked the general conditions of entitlement (the 'general conditions') set out in the notification published by the Director General of Telecommunications on 22 July 2003 with effect from 1 October 2018 and set revised general conditions with effect from the same date.

This is an unofficial consolidated version of the revised general conditions which incorporates, for ease of reference, all the modifications made to these conditions since September 2017 in a single document.

While every reasonable effort is made to ensure that the information provided in this document is accurate, no guarantees of the accuracy of information are made, and this document has no legal effect. Therefore, in relation to each specific amendment, you are advised to consult the relevant notifications, listed on the final page of this document, as these contain an explanation of the reasons for the decision to amend and the specific modifications that have been made.

For the avoidance of doubt, in the case of any difference between texts, the text set out in the notification of 19 September 2017 and any subsequent notification published on Ofcom's website shall take precedence over this unofficial version of the revised general conditions.

Emergency call numbers (“112” and “999”)²

A3.4 **Regulated Providers** must ensure that all **End-Users** can access **Emergency Organisations** by using the emergency call numbers “112” and “999” at no charge and, in the case of a **Pay Telephone**, without having to use coins or cards. In the case of **Regulated Providers** providing **Mobile Communications Services**, this obligation also applies to access by all **End-Users** to **Emergency Organisations** by using **eCalls**.

Caller location information

A3.5 **Regulated Providers** shall, to the extent technically feasible, make accurate and reliable **Caller Location Information** available for all calls to the emergency call numbers “112” and “999”, at no charge to the **Emergency Organisations** handling those calls, at the time the call is answered by those organisations.

A3.6 In order to make accurate and reliable **Caller Location Information** available to the **Emergency Organisations** handling the calls to “112” and “999”, a **Regulated Provider** must comply with the following requirements:

- (a) where it provides an **Electronic Communications Service** at a fixed location, the **Caller Location Information** must, at least, accurately reflect the fixed location of the **End-User’s** terminal equipment including the full postal address;
- (b) where it provides a **Mobile Communications Service**, the **Caller Location Information** must include, at least, the **Cell Identification** of the cell from which the call is being made and, where available, an indication of the radius of coverage of the cell. In exceptional circumstances, where the **Cell Identification** is temporarily unavailable for technical reasons, the **Caller Location Information** must include the **Zone Code**; and
- (c) where it provides a **VoIP Outbound Call Service**:
 - (i) it must, where its **VoIP Outbound Call Service** is to be used principally at a single fixed location, recommend its **Domestic and Small Business Customers** to register with it the address of the place where the **VoIP Outbound Call Service** is to be used prior to its activation and update that address information if there is any change; and
 - (ii) where it has a reasonable expectation that, or has been informed that, its **VoIP Outbound Call Service** is to be accessed from multiple locations, it must recommend

² See also Conditions C5.8 and C5.9 (“Relay service”) and Condition C5.10 (“Mobile SMS access to emergency organisations”), which aim to ensure that people with hearing or speech impairments can contact “112” and “999” by sending a text message, or by dialling “18000” from terminal equipment which is compatible with text relay (including textphones, Braille readers, personal computers and mobile telephones).

General Conditions

that its **Domestic and Small Business Customers** register and update the location information associated with it, whenever accessing the **VoIP Outbound Call Service** from a new location.

General Conditions

- B1.6 Where **Telephone Numbers** have been **Allocated** to the **Communications Provider**, that provider shall secure that such **Telephone Numbers** are **Adopted** or otherwise used effectively and efficiently.
- B1.7 The **Communications Provider** shall not unduly discriminate against another **Communications Provider** in relation to its **Adoption** or use of **Telephone Numbers** for purposes connected with the use by that other **Communications Provider**, or its **Customers**, of any **Electronic Communications Network** or **Electronic Communications Service**.
- B1.8 The **Communications Provider** shall take all reasonably practicable steps to secure that its **Customers**, in using **Telephone Numbers**, comply (where applicable) with the provisions of this **Condition**, the provisions of the **National Telephone Numbering Plan** and the **Non-provider Numbering Condition**.⁵

Requirements in connection with the transfer of use of allocated telephone numbers

- B1.9 The **Communications Provider** shall not transfer use of **Telephone Numbers** from the **National Telephone Numbering Plan** unless:
- (a) the **Telephone Numbers** have been **Allocated** to the **Communications Provider**; or the **Communications Provider** has been authorised (either directly or indirectly) to **Adopt** those **Telephone Numbers** by the person **Allocated** those **Telephone Numbers**;
 - (b) the **Telephone Numbers** are used in accordance with the **National Telephone Numbering Plan**; and
 - (c) the **Telephone Numbers** are **Adopted** or otherwise used effectively and efficiently.

Application for allocation or reservation of telephone numbers

- B1.10 When applying for an **Allocation** or reservation of **Telephone Numbers**, the **Communications Provider** shall:
- (a) use **Ofcom's** online number management system or, if that system is unavailable, the application form made available on the **Ofcom** website from time to time;
 - (b) provide such information as is required by such system or application form; and
 - (c) provide to **Ofcom**, on request, any other information considered by **Ofcom** to be relevant to the application, and the supply of which does not place an undue burden on the **Communications Provider**.
- B1.11 **Ofcom** will determine, taking into account the provisions of the **National Telephone Numbering Plan**, any application for **Telephone Numbers** by the end of the period of three weeks after the date of the receipt by it of the completed application form. Where **Ofcom** has required any additional information under **Condition B1.10(c)** in relation to any

⁵ See [Ofcom's non-provider numbering condition](#)

application, **Ofcom** will determine the application by the end of the period of three weeks after the date of the receipt by it of that additional information.

Charging for specified geographic numbers

- B1.12 The **Communications Provider** shall pay to **Ofcom** any applicable **Annual Number Charge** within 14 days of receipt of an invoice from **Ofcom**.
- B1.13 The **Annual Number Charge** will be billed annually in arrears following the end of each **Charging Year**.
- B1.14 The **Annual Number Charge** for a **Communications Provider** shall be:
- (a) the charges applicable to that **Communications Provider** calculated in accordance with **Condition B1.15**; less
 - (b) any reduction applicable to that **Communications Provider** calculated in accordance with **Condition B1.16**.
- B1.15 In respect of each **Specified Geographic Number** the **Communications Provider** must pay £0.1/365 for every day within the **Charging Year** for which that **Specified Geographic Number** is **Allocated** to it. Such amounts are payable irrespective of whether or not a **Specified Geographic Number** has been **Adopted** or is in use.
- B1.16 If relevant, the amount of any reduction for a **Communications Provider** in respect of a **Charging Year** shall be:
- (a) (the total number of the **Communications Provider's Ported Specified Geographic Numbers**) x £0.1 ÷ (the **Average Industry Utilisation Rate**); plus
 - (b) (the total number of the **Communications Provider's WLR Specified Geographic Numbers**) x £0.1 ÷ (the **BT Average Utilisation Rate**); plus
 - (c) (the total number of the **Communications Provider's Public Payphone Specified Geographic Numbers**) x £0.1 ÷ (the **Communications Provider Average Utilisation Rate**).
- B1.17 If any reduction calculated pursuant to **Condition B1.16** exceeds the charges applicable to that **Communications Provider** calculated in accordance with **Condition B1.15**, the **Annual Number Charge** shall be zero.

Withdrawal of a number allocation

- B1.18 **Ofcom** may withdraw an **Allocation of Telephone Numbers** from a **Communications Provider** where:
- (a) the **Communications Provider** has not **Adopted** those **Telephone Numbers** within six months, or such other period as **Ofcom** may from time to time direct, from the date on which the **Telephone Numbers** were **Allocated**;

- (b) in relation to an **Allocation** of a series of **Telephone Numbers**, the **Communications Provider** has not **Adopted** those **Telephone Numbers** to any significant extent within six months, or such other period as **Ofcom** may from time to time direct, from the date on which the series of **Telephone Numbers** was **Allocated**;
- (c) the **Communications Provider** is unable to demonstrate to **Ofcom's** reasonable satisfaction either:
 - (i) that those **Telephone Numbers** are assigned to a **Subscriber** (or **Subscribers**); or
 - (ii) if those **Telephone Numbers** are not so assigned, that they were so assigned within the preceding twelve months, and

the withdrawal is made for the purpose of securing that what appears to **Ofcom** to be the best and most efficient use is made of the numbers and other data that are appropriate for use as **Telephone Numbers**;

- (d) the **Communications Provider** has used a significant proportion of those **Telephone Numbers**, or has used such **Allocation** to a significant extent, inconsistently with this **Condition**, or to engage in fraud or misuse; or
- (e) **Ofcom** has advised the **Communications Provider** in writing that a significant proportion of those **Telephone Numbers** has been used, or that such **Allocation** has been used to a significant extent, to cause harm or a nuisance, and the **Communications Provider** has failed to take adequate steps to prevent such harm or nuisance.

Requirements in connection with the use of telephone numbers

B1.19 When providing an **Electronic Communications Service** by means of an **Unbundled Tariff Number**, the **Communications Provider** must comply with the tariff principles set out in **Conditions B1.21 – B1.27** and any applicable maximum price specified in the **National Telephone Numbering Plan**.

B1.20 **Condition B1.19** does not apply in respect of:

- (a) calls to an **Unbundled Tariff Number** from a **Public Pay Telephone**; and
- (b) calls originating outside of the United Kingdom to an **Unbundled Tariff Number**.

B1.21 The retail price for a call to an **Unbundled Tariff Number** which is charged to a **Consumer** is the sum of:

- (a) the **Access Charge Element**; and
- (b) the **Service Charge Element**, subject to any special offers, discounts or call bundling arrangements which the **Communications Provider** offers to that **Consumer**.

B1.22 The **Access Charge** must:

General Conditions

- (a) not vary within a **Consumer's** tariff package by reference to:
 - (i) the **Unbundled Tariff Number** that is called; or
 - (ii) the time or day of the call; and
- (b) be set at a pence per minute rate.

B1.23 The **Service Charge**:

- (a) must not vary according to the **Communications Provider** that retails or originates the call;
- (b) must not vary by the time or day of the call;
- (c) must be no greater than any applicable maximum price specified in the **National Telephone Numbering Plan**;
- (d) may be set at a pence per minute, a pence per call rate, or a rate which combines a pence per minute rate and a pence per call rate; and
- (e) must not require another **Communications Provider** to have systems able to accommodate more **Price Points** than are required under **Condition B1.28**, unless that **Communications Provider** agrees otherwise.

B1.24 For the purpose of calculating an **Access Charge Element**, the **Communications Provider**:

- (a) may round up the length of the call to 1 minute for a call lasting less than 1 minute; and
- (b) for a call lasting more than 1 minute but less than a whole number of minutes, must treat that call in accordance with the rounding principles it would apply to a geographic call of an equivalent length for the purpose of billing a **Consumer**.

B1.25 For the purpose of calculating the **Service Charge Element** where the **Service Charge** comprises or includes a pence per minute rate, the **Communications Provider** must round up the length of the call to the next nearest whole second for a call lasting less than a whole number of seconds (so that, for example, a call lasting 3 minutes 14.5 seconds would be charged in respect of the **Service Charge Element**, at the applicable **Service Charge** multiplied by 3.25).

B1.26 **Condition B1.27** applies if both the following conditions in respect of a call to an **Unbundled Tariff Number** are satisfied:

- (a) the **Consumer** has purchased a bundle of inclusive call minutes or inclusive calls from the **Communications Provider**, which includes call minutes (or calls) to one or more **Unbundled Tariff Numbers**; and
- (b) the call is to an **Unbundled Tariff Number** which counts towards remaining minutes (or calls) in the bundle of inclusive minutes (or calls) purchased by the **Consumer**.

In particular, but without limiting the extent of this paragraph, a **Regulated Provider** who is providing **Public Electronic Communications Services** to **Domestic and Small Business Customers** must not, at the end of any **Fixed Commitment Period**, renew those **Domestic or Small Business Customers'** contracts for a further **Fixed Commitment Period** unless that **Regulated Provider** has first obtained **Express Consent** from each **Customer** concerned.

At the same time, the **Regulated Provider** must give the **Subscriber** best tariff advice relating to their services.
